If such insurance proceeds exceed the cost of repair, replacement or reconstruction of such common elements, the excess shall be paid by the Insurance Trustee to the owners of all units and their respective mortgagees as their interest may appear in appurtenance to each unit in the common elements. If the insurance proceeds shall be insufficient to pay the cost of the repair, replacement or reconstruction of such common elements, the Association shall deposit with the Insurance Trustee, from any Association Reserve Fund which may have been established, the difference between the total cost of repairing, replacing or reconstructing such loss or damage and the amount of the insurance proceeds. If no such Association Reserve Fund has been established or is insufficient to pay to the Insurance Trustee such difference, the Association shall assess the amount of the difference against and collect said sum from the unit owners as a common expense.

2. Units: The proceeds paid to the Insurance Trustee for a loss or damage to a building, constituting common elements and one or more units thereof, shall be first applied to the repair, replacement or reconstruction of common elements, then to the repair, replacement or reconstruction of any unit or units in such building which have been destroyed or damaged. If such insurance proceeds exceed the cost of the repair, replacement or reconstruction of such common elements and units, the excess shall be paid by the Insurance Trustee to the owners of the damaged or destroyed units and their respective mortgagees as their interest may appear in shares or proportions equal to the undivided interest appurtenant to each such unit in the common elements. If the insurance proceeds are insufficient to pay for the necessary repair, replacement or reconstruction of

the damaged or destroyed property, the Association shall levy a special assessment against all owners in a portion to the owner's share in the common elements for that portion of the deficiency as is attributable to the cost of the restoration of the common elements and a special charge against individual owners' for that portion of the deficiency related to damages to individual units. Provided, however, that if, in the opinion of the association, it is impossible to determine accurately and adequately the portion of the deficiency relating to damages to individual units, the association shall levy the special assessment for the total deficiency against each of the owner's as a common expense, according to the percentages set forth in the schedule of undivided interest in the common elements appurtenant to each unit which is Exhibit "3" of this Declaration. The determination of the Board as to that portion of the deficiency to be charged against individual owners' and as to which individual owner's are liable therefore shall be conclusive and binding.

I. Deposits to Insurance Trustee After Damage: Within sixty (60) days after a loss or damage to Condominium Property covered by casualty insurance, the Association shall obtain estimates of the cost of repairing, replacing or reconstructing the same including the cost of professional fees and any construction bond which the Board of Administration may require. If, from such estimates, it shall appear that the insurance proceeds payable for such loss or damage will be insufficient to pay the cost of such repair, replacement or reconstruction, the additional money required to pay the total cost thereof, whether it is to be paid by one or more unit owners, shall be deposited with the Insurance Trustee not later than thirty (30) days from the day on which the Insurance Trustee receives the insurance proceeds.

V. Reconstruction or Repair after casualty.

2. Damage to and Destruction of some portion of the Buildings: If some, but not all, of the residential buildings are damaged and/or destroyed and one or more of the units in one or more of the buildings remain habitable, the damaged or destroyed common elements and/or units shall be repaired or reconstructed so that each building and/or units shall be restored to substantially the same condition as existed prior to such damage or destruction unless within sixty (60) days after the casualty it is determined by agreement in the manner elsewhere herein provided that the condominium shall be terminated.

B. Common Elements: Damaged or destroyed improvements constituting part of the common elements shall be repaired, reconstructed and/or replaced unless in the event of total destruction of the units or by agreement after partial destruction, the condominium shall be terminated.

Condominium Property shall be repaired or reconstructed.

D. Plans and Specifications: Repairs or reconstruction of Condominium Property shall be substantially completed in accordance with the plans and specifications pursuant to which the same was originally constructed; provided, however, that the Board of Administration of the Association may authorize reasonable variations from the original plans and specifications as may appear to them to be necessary or desirable.

E. Responsibility: If the damage or destruction shall be limited only to one or more units for which the responsibility of maintenance and repair is that of the affected unit owners, then such unit owners shall be responsible for carrying out the repairs or reconstruction thereof. In all other instances of damages or reconstruction, the Association shall be responsible for carrying out the repair and reconstruction thereof.

F. Construction Funds: All funds for the payment of repair and reconstruction costs, consisting of insurance proceeds and/or funds collected by the Association from unit owners, shall be disbursed toward payment of such costs in the following manner:

1. Association: If the total funds assessed against and collected from unit owners by the Association for payment of repair and reconstruction is more than Fifteen Thousand Dollars (\$15,000.00) then all such sum shall be deposited by the Association and disbursed by the Insurance Trustee. In all other cases the Association shall hold such sums so assessed and collected and shall disburse the same in payment of the cost or reconstruction and repair.

2. Insurance Trustee: The proceeds of insurance collected on account of a casualty and the sum assessed against and collected from unit owners by the Association and deposited with the Insurance Trustee shall constitute a construction fund which shall be disbursed in payment of the cost of repair and reconstruction in the following manner:

a. Unit Owner: The portion of insurance proceeds representing damage for which the responsibility of repair and reconstruction is upon one or more but less, than all unit owners shall be paid by the Insurance Trustee to the affected unit owners and if any of such units are mortgaged, to the affected and their mortgagees jointly.

b. Association-Lesser Damage: If the amounts of the estimated costs of reconstruction and repair which is the responsibility of the Association is less than Fifteen Thousand Dollars (\$15,000.00), then the construction fund shall be disbursed in payment of such costs upon the order of the Association; provided, however that upon request to the Insurance Trustee by a mortgagee which is a beneficiary of an insurance policy the proceeds of which are included in the construction fund, such fund shall be disbursed in the manner hereinafter provided for the reconstruction and repair for a major damage.

c. Association-Major Damage: If the amount of the estimated costs of reconstruction and repair which is the responsibility of the Association is more than Fifteen Thousand Dollars (\$15,000.00) then the construction fund shall be disbursed in payment of such costs in the manner required by the Board of Administration of the Association and upon approval of an architect registered to practice in Florida and employed by the Association to supervise the work.

d. Surplus: It shall be presumed that the first monies disbursed in payment of the costs of reconstruction and repair shall be from the insurance proceeds. If there is a balance in the construction fund after payment of all costs of the reconstruction and repair for which the fund is established, such balance shall be distributed to the beneficial owners which is not in excess of assessments paid by such owners into the construction fund shall not be made payable to any

mortgagee.

e. Instead the Insurance Trustee may rely upon a certificate of the Association made by its President and Secretary as to any or all of such matters and stating the sums to be paid is due and properly payable and stating the names of the payees and the amount to be paid. Provided, that when a mortgagee is herein required to be named as payee, the Insurance Trustee shall also name the mortgagee as payee and as further provided that when the Association or a mortgagee which is the beneficiary of an insurance policy, the proceeds of which are included in the construction fund, so requires, the approval of an architect named by the Association shall be first obtained by the Association.
